This software is provided 'as-is', without any express or implied

warranty. In no event will the authors be held liable for any damages

arising from the use of this software.

Permission is granted to anyone to use this software for any purpose,

including commercial applications, and to alter it and redistribute it

freely, subject to the following restrictions:

1. The origin of this software must not be misrepresented; you must not

   claim that you wrote the original software. If you use this software

   in a product, an acknowledgment in the product documentation would be

   appreciated but is not required.

2. Altered source versions must be plainly marked as such, and must not be

   misrepresented as being the original software.

3. This notice may not be removed or altered from any source distribution.

The data format used by the zlib library is described by RFCs (Request for

Comments) 1950 to 1952 in the files http://www.ietf.org/rfc/rfc1950.txt

(zlib format), rfc1951.txt (deflate format) and rfc1952.txt (gzip format).

Microsoft Limited Permissive License (Ms-LPL)

This license governs use of the accompanying software. If you use the software, you

accept this license. If you do not accept the license, do not use the software.

1. Definitions

The terms "reproduce," "reproduction," "derivative works," and "distribution" have

the same meaning here as under U.S. copyright law.

A "contribution" is the original software, or any additions or changes to the

software.

A "contributor" is any person that distributes its contribution under this license.

"Licensed patents" are a contributor's patent claims that read directly on its

contribution.

2. Grant of Rights

  (A) Copyright Grant- Subject to the terms of this license, including the license

      conditions and limitations in section 3, each contributor grants you a

      non-exclusive, worldwide, royalty-free copyright license to reproduce its

      contribution, prepare derivative works of its contribution, and distribute

      its contribution or any derivative works that you create.

  (B) Patent Grant- Subject to the terms of this license, including the license

      conditions and limitations in section 3, each contributor grants you a

      non-exclusive, worldwide, royalty-free license under its licensed patents to

      make, have made, use, sell, offer for sale, import, and/or otherwise dispose

      of its contribution in the software or derivative works of the contribution

      in the software.

3. Conditions and Limitations

(A) No Trademark License- This license does not grant you rights to use any

contributors' name, logo, or trademarks.

(B) If you bring a patent claim against any contributor over patents that you

claim are infringed by the software, your patent license from such contributor

to the software ends automatically.

(C) If you distribute any portion of the software, you must retain all copyright,

patent, trademark, and attribution notices that are present in the software.

(D) If you distribute any portion of the software in source code form, you may do

so only under this license by including a complete copy of this license with

your distribution. If you distribute any portion of the software in compiled or

object code form, you may only do so under a license that complies with this

license.

(E) The software is licensed "as-is." You bear the risk of using it. The contributors

give no express warranties, guarantees or conditions. You may have additional

consumer rights under your local laws which this license cannot change. To the

extent permitted under your local laws, the contributors exclude the implied

warranties of merchantability, fitness for a particular purpose and non-infringement.

(F) Platform Limitation- The licenses granted in sections 2(A) & 2(B) extend only

to the software or derivative works that you create that run on a Microsoft Windows

operating system product.
